Present and Previous Public Service Involvement: (other commissions, committees and years of involvement)

Most of my formal service has been through LU and professional organizations, but I've worked with Appleton's city government and Common Council on projects related to public health, parks, and bicycling infrastructure/transportation.

Comments:

My colleague Monica Rico recommended this position to me. I'm a long-time cyclist, bike commuter, and runner with a strong interest in urban design, sustainability, and alternative transportation. In the past, I've worked with Rob Gusky of the Fox Cities Cycling Association to have classroom discussions about the future of cycling/multi-use infrastructure in the Fox Cities, and I'd be excited to be more directly involved. Thanks for considering me!
