RE: County JJ – County N to WIS 55  
Town of Vandebroek

The Outagamie County Highway Department has plans to reconstruct County JJ between County N and WIS 55 in future years. The currently proposed plan is to reconstruct County JJ as a rural highway with wider pavement, wider shoulders, and improve the existing steep ditch slopes. Intersection improvements are being considered at County N, Buchanan Road, and County CC.

Ayres Associates has been hired to perform the engineering and survey work and you will notice survey crews in the area within the next few months.

After the preliminary plans have been prepared, an informational meeting will be held and property owners will be invited to review the plans and ask any questions regarding this project. Through the public involvement meetings and your input we are able to develop a project that will suit the needs of not only citizens of the county, but the residents of this area.

Please notify us of any underground facilities which may be affected by this project. Such as drain tiles, security or other wires, private utilities, survey pins, etc. at [highwayemail@outagamie.org](mailto:highwayemail@outagamie.org)

We have made every attempt to contact all property owners affected by this project, however, please share this information with your neighbors, tenants, and other interested parties.

We appreciate your cooperation during this project.

Sincerely,

OUTAGAMIE COUNTY HIGHWAY DEPARTMENT
