The development of the trail is a cooperative effort between the Counties of Outagamie and Winnebago in conjunction with the Department of Natural Resources. The Outagamie County portion of the WIOUWASH State Trail starts in Hortonville south of Black Otter Kale with a parking area located off Lakeview Avenue. A second parking area is located on the southwest corner of the trail intersection at Highway 96.

The trail is rural in nature and users are treated to native tall grass preserves where wildflowers flourish. Birds and wildlife are often seen on the trail that runs south for 5.9 miles and connects to the Winnebago County portion at the Winnebago/Outagamie County line. The trail may be used by hikers, bikers, and horses. During the winter months it is utilized as a section of the Outagamie County Snowmobile Trail System. No other motorized vehicles are allowed.

RULES
Motorized vehicles are not allowed with the exception of snowmobiles during the winter months.

Dogs must be leashed and must be in your control at all times.

Alcoholic beverages are not allowed. No Hunting or possession of firearms on trails.

Trail is open from dawn to dusk except during the snowmobile season when hours are extended.

ETIQUETTE
Keep to the right on all trails. Form a single file line when approaching other trail users.

Alert or signal when approaching others from the rear to warn them you are passing on the left. Horseback riders should tell you it is safe to pass.

Always be courteous to all trail users and respect their rights to use the trail.

Stay on the trail. Multi-use trails work because users have respected the rights of adjacent property owners.
