SPECIAL ORDER OF BUSINESS
Report on completion of the Government Center building – Maintenance Manager Paul Farrell

Maintenance Manager Paul Farrell thanked the Board for the opportunity to provide an update. He reviewed details of the Government Center building project in a PowerPoint (copy available in the County Clerk’s Office). The County Board approved Venture Architects conceptual Option D in June of 2015 with an estimated cost of $36.7 million. The pre-design study was completed June 2016. Included in the study was an off-site facility for the Sheriff’s Department Law Enforcement Division while staying within the original $36.7 million Option D budget. Final-design to bid documents for downtown campus were completed between August 2016 to March 2017. The contractor bids were received April 2017 with Miron Construction selected for a bid of $19,293 million. The breakdown of work included the Goodland Sheriff’s Project totaling $3,895,905 and the Government Center Breakdown totaling $27,041,970. Miron’s amount completed to date is $19,446,925.22 with $154,675.78 being expended from Contingencies. The Security and Space Needs Project Cost = $28,160,681 -- $8,539,319 less than original $36.7M Budget. The pre-design study, final design study, maintaining clear/consistent and transparent goals, and project team/oversight work kept costs down. Farrell
also commended the work of Venture Architects, Miron, and McMahon in keeping the project below budget.

During Q&A, thanks were extended to Paul Farrell for his work/efforts on the project (a round of applause was provided), and thanks were extended to the Oversight Committee, Kara Homan, and their staffs and members in the team (a second round of applause was provided).

ESTABLISH ORDER OF THE DAY
