KEY POINTS

- Wisconsin Department of Health Services is no longer reporting on specific counties with community spread. Considering the prevalence of the disease at this point in time and the number of people who are ill and have not been tested due to the lack of testing supplies, it is best to assume there is community spread throughout WI. **People are Safer At Home.**

- The only tool we have right now to stop the spread of COVID-19 is physical separation from each other. Keep six (6) feet apart.

- Use your phone and social media to stay connected.

- The COVID-19 pandemic, and the resulting changes to our lifestyles, can make anyone anxious or even depressed. Do not hesitate to ask for help if you're feeling overwhelmed. Call 800-985-5990 to speak to a trained crisis counselor or text TalkWithUS to 66747.

- Safer at Home **Emergency Order #12** starts today. [FAQs] All non-essential businesses must close. Exemptions are listed in the order and explained in the Frequently Asked Questions. If a business is unsure about whether or not they are exempt, please contact [WI Economic Development Corporation]

- It’s ok to go outside for fresh air, taking walks, and riding bikes. Maintain physical distance—six (6) feet apart.
  - County parks are open.
  - Playgrounds are closed.
  - Fees are waived at WI Stat Parks and Trails

- Outagamie County (OC) has four (4) confirmed cases of COVID-19 in the jurisdiction of OCPH. The individuals are under isolation and close contacts are being identified and monitored by OCPH.

- Testing for COVID-19 is currently prioritized for critically ill hospitalized patients and health care
workers with symptoms. People with mild symptoms (fever, cough, and shortness of breath) should self-isolate at home. If symptoms get worse (difficulty breathing), call your doctor.

- Isolating at home:
  - As much as possible stay in a separate room from other family members
  - Use a separate bathroom, if possible
  - Wear a facemask if you are around others in your home
  - Wash hands often
  - Clean all “high touch” surfaces every day

- For non-medical questions, United Way’s 2-1-1 Fox Cities service can provide resources on issues such as:
  - Food delivery for home bound seniors
  - Transportation options
  - Nutrition programs for children who rely on free and reduced meals at school
  - Information on emerging resources in the community
  - Contact:
    - Text COVID19 to 211-211
    - Call 211
    - Visit 211Wisconsin.org

- **Women, Infants and Children (WIC) Program**
  - WIC services will continue through phone contacts.
  - WIC is:
    - Providing nutrition education and issue food benefits for all appointments
    - Providing a 30-day benefit extension to infants and children who are due to be recertified on the program.
  - Please Note:
    - WIC staff are calling from cellphones and will leave a new call back number. Please contact them at that number to decrease the calls to the office.
    - Infants less than 8 weeks old will be certified by phone. Please call the office to report the birth and we will follow up with you.
    - If you are able to send a message please send an email to hhsWIC@outagamie.org. During this time this may be the most efficient way to contact participants. Please include a phone number for us to contact you at.
    - You can always call Outagamie County WIC at (920)832-5109 and leave a message.

- All non-essential OC departments and/or divisions will remain closed indefinitely. Many employees are working from home.
  - Brewster Village is currently closed to all visitors.
  - OC Jail is currently closed to all visitors.
  - WIC office is closed for in-person visits. WIC staff are working from home and calling participants to provide benefits. For WIC related questions, please call 920-832-5109 or
CONTACT:
Outagamie County Public Health Division
Phone: 920-832-5100
Email: PHQuestions@Outagamie.org

e-mail hhswic@outagamie.org
  o  OC Courts are open.
  o  The Outagamie County District Attorney’s office will be doing all public services through mail, drop off options or online.

- The President’s Coronavirus Guidelines for America – 15 Days to Slow the Spread of Coronavirus (COVID-19) has been released and is available at [whitehouse.gov](http://whitehouse.gov)

CURRENT RECOMMENDATIONS FOR THE COMMUNITY

- Practice social distancing. This is a technique to slow the spread of infectious diseases. Social distancing means staying home as much as possible in order to avoid other people.
- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer with at least 60% alcohol.
- Cover your coughs and sneezes with a flexed elbow or disposable tissue and wash your hands.
- Avoid touching your eyes, nose, mouth, and close contact with people who are sick.
- Clean and disinfect common areas both at home and in the workplace (i.e. door handles, bathrooms, tables).
- Practice self-care to deal with stress and anxiety. It can be as simple as small things throughout your day like deep breaths, a hot shower, sleep, tea, or connecting with a friend.
