New positive Cases over the last 14 days

The graph below shows a representation of new positive case counts for all of Outagamie County including the City of Appleton and Oneida Nation that fall within Outagamie County.
COVID-19 Activity Level

This portion of the daily update will be updated on a weekly basis on Wednesdays when released by the Department of Health and Human Services (DHS). COVID-19 Activity level by Region and County can be found on the DHS website here: https://www.dhs.wisconsin.gov/covid-19/local.htm

Outagamie County Activity Level – High

Burden:
Burden status is based on the case rate per 100,000 of residents in the last two weeks. The cutoffs are fairly conservative, but this is appropriate for a highly transmissible virus, where small numbers can multiply rapidly if not properly contained.

Trajectory:
Trajectory is the percent change from previous to current week and p-value (indicates statistical significance) from a test against the percent change equal to zero.
