*Does not include data from the portions of the City of Appleton and Oneida Nation that fall within Outagamie County

The data reported each day includes all data reported through the day before. The data are frozen the evening before to allow DHS time to verify and ensure that accurate information is reported each day. These data are subject to change. As individual cases are investigated by public health, there may be corrections to the status and details of cases that result in changes to this information.

New positive cases over the last 14 days²

The graph below shows a representation of new positive case counts for all of Outagamie County including the City of Appleton and Oneida Nation that fall within Outagamie County.
COVID-19 Activity Level

This portion of the daily update will be updated on a weekly basis on Wednesdays when released by the Department of Health and Human Services (DHS). COVID-19 Activity level by Region and County can be found on the DHS website here: [https://www.dhs.wisconsin.gov/covid-19/local.htm](https://www.dhs.wisconsin.gov/covid-19/local.htm)

**Outagamie County Activity Level – High**

**Burden:**
Burden status is based on the case rate per 100,000 of residents in the last two weeks. The cutoffs are fairly conservative, but this is appropriate for a highly transmissible virus, where small numbers can multiply rapidly if not properly contained.

**Trajectory:**
Trajectory is the percent change from previous to current week and p-value (indicates statistical significance) from a test against the percent change equal to zero.

**SAVE TIME!**
REGISTER AHEAD OF TIME.

- [REGISTER HERE](#)
- [MORE INFO](#)

**TESTING IS FREE!**
DRIVE-THRU OR WALK-UP
NO APPOINTMENT NEEDED

**Who should get tested?** Anyone who is experiencing symptoms of COVID-19 or has been in close contact with someone who has tested positive. The community testing site is available to any Wisconsin resident, five years of age and older.

**STAY HOME WHILE WAITING FOR YOUR RESULTS.** While you’re waiting for your test results, it's important that you isolate yourself. Do not have contact with others. Do not go to work, meet up with friends or attend gatherings. Isolating yourself will prevent spread of the virus should you test positive.

Have you been waiting more than 5 days for your results? Do you need a copy of your test results? Call the Wisconsin COVID-19 Results Line at 866-419-6988, Monday-Friday, 8 AM–6
PM. If you call prior to 5 days after your test, they cannot guarantee your results will be ready.
